BOXING SCANDAL
OUT IN 'FRISCO

Tales of How Olympic Club
"Amateurs" Get the
Money.

PRESIDENT IS ON THE GAME

Boxers Not Enticed Into Ring to
Win Medals, But "Long
Green."

(Special to The Times-Dispatch.)
SAN FRANCISCO, November 11.—Not
to be done by the professionals from
a scandal standpoint regarding the local
boxing business, the amateurs have
existed in this city, the sole purpose of
which was to promote amateur boxing
shows, of which there is one about every
week. Of these the Olympic Club is the
most famous. It turned out Jim Corbett,
Edward Britton and a host of other good
ones. Incidentally, the best people in the
Golden West swear allegiance to the club
colors.

Now comes the scandal. Those fighters,
boxing as amateurs, have been getting
money right and left for years. Sam
Berger, the heavyweight, who not
long ago held the amateur heavyweight
championship of the United States, did
the ring with the hope of winning medals,
but to get the "long green." Many were
professionalized at this time. It seems,
however, that at present no public investigation
will be made, and that Berger's
confession will go for naught. The
Olympic Club now only sends a delegate
to the body that governs amateur sports
in this part of the country—the Pacific
Coast Amateur Athletic Association. This
organization deals out the permits for
"amateur" shows, and, while there is
an apparent endeavor on the part of the
association to keep boxing as well as
other sports clean from professionalism,
there is a lot of politics at work. They
insure certain organizations from
immunity when it comes to a show-down
between amateurism and professionalism.
Scores of the amateur boxers
working hereabouts "get their" every
time they step into the squared circle.

FOOT-BALL IN FRANCE.

England to Send Four First Class
Teams Next Year.

(Special Cable to The Times-Dispatch

(Copyright, by the New York Herald & Co.)
PARIS, November 11.—Contests for the
Herald Cup have greatly stimulated foot-
ball in Paris. Although the Frenchmen
have been overwhelmingly defeated, it is
well known that England next year
will send over four first class teams to
play a series of games, just to show
Frenchmen what good association foot-
ball is like. A valuable trophy will be
awarded.

Nelson Announces Engagement.

CINCINNATI, Ohio, November 11.—
What the best lightweights in the busi-
ness have found impossible, Cupid has
accomplished, and a half dozen heart
punches and a glance from a pair of soft
eyes knocked out Battling Nelson, the
champion lightweight, in the first round.
Although the defeat occurred some time
ago, the champion is still taking the
count, and expects to continue to do so.
Nelson announced his engagement yester-
day to Miss Margarette Ballinger, of
Fairfax, Cal. She is fifteen years old,
and "Batt" said he wanted to marry her
right away, but has agreed to wait until
she grows up.

DRINK
Bars Men from Employment

Every line of business is beginning to
shut its doors absolutely to drinking men.
Business competition has become keen
and the only men of successful habits can find
employment.

Employers do not want men that are ad-
dicted to drink. A drinking man is not in
condition to handle responsible work.
Continual drinking decreases the nerve
system. No "will power" can cure; treat-
ment is necessary.

GRIFFITH HAS SIGNED
YOUNG HITT, PITCHER

Pacific Coast Player Comes From
One of Highland's Luckiest
Gardens.

(Special to The Times-Dispatch.)
NEW YORK, November 11.—Clarke
Griffith's efforts to strengthen his pitch-
ing corps have borne first fruit in the
signing of Hitt, the young pitcher of the
San Francisco team of the Pacific Coast
League, who will have an opportunity to
make good with the local American
leaguers next spring. The Pacific Coast
organizations seem to be among Grif-
fith's luckiest gardens for growing of
new players.

Hal Chase came from the coast and
the San Francisco fans are free in their
the body that governs amateur sports
in this part of the country—the Pacific
Coast Amateur Athletic Association. This
organization deals out the permits for
"amateur" shows, and, while there is
an apparent endeavor on the part of the
association to keep boxing as well as
other sports clean from professionalism,

WILLIAM F. REID, JR.

The athletic sensation of the hour has
just been sprung by "Bill" Reid, of Har-
vard, one of the men who dined with
President Roosevelt on that day he ad-
vocated reforming in football. Mr. Reid's
letter was probably written at the sug-
gestion of President Roosevelt, and for
that reason may affect materially the
future of the game.

prophecies that Hitt will turn out to be
as great a find as Griffith's young first
baseman was. He was by far the best
pitcher that the San Francisco team had
last year, and although his team finished
second from the bottom of the league,
at the end of the season Hitt had a record
of 20 out of 30 games won. When a
twirler can make a good record with a
baseball team, it is a good sign. Hitt has
good ground for recognition. When Hitt
first joined the San Francisco team this
season he won eight out of the first ten
games in which he twirled, and he had
three shut-outs to his credit. Whether
he can keep up the pace or not is for
the future to tell.

A Tribute to the Governor.
The graceful manner in which Gov-
ernor Montague has so ably supported
the party ticket, in view of his recent
defeat, shows of what material he is
composed, and increasing, if possible, the
admiration of his old friends and making
many new ones.

The information that he may possibly
leave the State, has caused many ex-
pressions of sincere sorrow, for Virginia
can ill afford to lose one of her sons,
whose public as well as private life
has reflected so much honor upon the
old State. South Boston News.

AUTOMOBILE TRADE
CONTINUES BRISK

Coming Salon, It is Said, Will
Far Surpass All Previous
Affairs of the Kind.

TWO NEW FEATURES PLANNED

Congress to Discuss Tourism and
Touring Contest in Paris for
Town Vehicles.

(Special Cable to The Times-Dispatch and
New York Herald.)

(Copyright, by the New York Herald & Co.)
PARIS, November 11.—Trade in au-
tomobiles continues brisk, and preparations
for the automobile salon continue to oc-
cupy the attention of a large committee.
M. Rives, general organizer, declares that
previous salons will be far surpassed.

Two of the principal features during
the salon will be a congress to discuss
tourism with a view to extending it in
France and a touring contest to be held
in Paris for town vehicles.
M. Charley Proudly boasts a new de-
coration. Prince Ferdinand of Bulgaria
has awarded him the Croix d'Officier du
Merite Civil de Bulgaria, "which," says
M. Charley modestly, "I regard as a
priceless encouragement to the automo-
bile industry in general."

Among Americans purchasing automo-
biles in Paris this week have been Mr.
Delaney Nicoll, a 24-horse power Rochet-
Schneider; Mr. Charles Sweeney, a 20-
horse power Renault; and Mrs. Dawson
Coleman, a 24-horse power Rochet-
Schneider.
Mr. E. S. Ayer, of Chicago, has ordered
a 35-horse power Hotchkiss, making his
third machine of that make.
Mr. T. P. Shonis, of New York, has
ordered a 30-horse power Renault.

FATHER MAXEY

Report That Duffey Will Enter
Intercollegiate Sprints is to
Stir Fight.

TENDS TO PURIFY ATHLETICS

Georgetown Officials Think That
Famous Sprinter's Statements
Will Do Much Good.

(Special to The Times-Dispatch.)
WASHINGTON, D. C., November 11.—
Father J. L. Maxey, the faculty controller
of athletics at Georgetown University,
speaking and, it is understood, represent-
ing the official opinion of the university,
declaring that both he and all the Geo-
orgetown authorities are satisfied with the
statements made as to his amateur stand-
ing while a student at the university.

Father Maxey further declared that the
Georgetown authorities believed Duffey's
published articles will do much toward
purifying college athletics.
As to the rumor that Georgetown will
be called upon to explain its attitude in
endowing Duffey's entry in the intercol-
legiate sprints, Father Maxey said:
"That is merely a ruse to stir up a
fight in the Intercollegiate Athletic Asso-

ciated effect. Georgetown wishes his ef-
forts every measure of success."
It was said this week Georgetown will
take no further notice of Duffey's state-
ment, unless there is an official demand
for an explanation from the Executive
Committee of the Intercollegiate Associa-
tion, and such a demand is not expected.

SPORTING SMALL TALK

George Meme, of Chicago, and Rufe
Turner, box at Denver November 17th.
Gus Gardner and Mike Donovan have
articles by Duffey will bring about the
beer rematched to box at Buffalo No-
vember 17th.

Tommy Murphy, of New York, will
box Jimmy Dunn, of New Castle, Pa.,
at South Sharon on next Monday night.
Arlio Latham has signed as manager
of the Jacksonville, Fla., baseball team,
of the South Atlantic League.

Joe Fisher, the Lowell light weight,
who has been in the West for some time,
is to make his home in Milwaukee.
Jimmy Britt is in Indianapolis, and
Battling Nelson has reached Cincinnati.
Both are travelling with variety shows
and doing boxing turns.

It is reported that Battling Nelson and
Terry McGovern are matched to box
six rounds at one of the armories in
Philadelphia before the end of the year.
The building of a new track at Moun-
treal will be commenced at once, and
early next spring the work on the club
house, the stands and the stables will
be rushed to completion.

It is probable that Manager Tom Mc-
Carrey will declare off the proposed bat-
tle between Jack O'Brien and Jack Twin
Sullivan, which is scheduled for Novem-
ber 28th, at the Pacific Athletic Club—
Los Angeles Herald.

Arthur Duffey has emphatically denied
that he has been training and that he
will enter indoor sports this winter. He
says that he has won his last race, as

President Roosevelt's Eldest Son

Since Theodore Roosevelt, Jr., failed to land a position on the first-
year Harvard football team he has been practicing weekly to prepare
himself for next year's try-outs.

The President's son failed to land this year because of his lack of
weight. This will not bar him next year, as he is rapidly growing. The
Freshman coaches say young Teddy will surely make good next fall. His
four years' playing end on the football team at Groton will stand him
in good stead when he makes his next essay for the Crimson eleven.

clusion, and I don't believe the officials
of the association will take up the mat-
ter. Arthur Duffey's articles, giving his
experiences as a professional amateur,
will do much good, let them hit whom
they will.

The entire fault in this matter lies
with coaches and the power to rid a uni-
versity of that fault lies with the presi-
dent and the board of official governors
of the university. So far as Georgetown
is officially concerned, we are unanimous
in favor of any measure, no matter
how drastic, or when it will hit, which
will tend to purify athletics.

weight who sprang into prominence by
knocking out Harry Poloy in two minutes
after the opening of the first round in
San Francisco, a few nights ago, and
who in Billy Delaney's sincere belief has
the earmarks of a possible champion,
despite all that has been printed to the
contrary, does not compare favorably
with Jeffries in physical measurements.
Jeffries had his mark beaten by half an
inch in every department except the
ankles.

A tournament for the final disposition

Delegates from Buffalo, Syracuse, Utica
and Rochester met recently and organized the New
York State Bowling League. A team was
represented. Each city will have a team of
five men. Each team will roll six games with
every other team, three at home and three

trophy will then be given to the champion team. The
following officers were elected: President, James
G. Posen, of Buffalo; Vice-President, Major
Cary, of Buffalo; Financial Secretary, Emman-
uel Goldstein, Syracuse; Corresponding Secre-
tary, H. G. Voseburg, Syracuse; Treasurer,
Edward J. A. Lohr, Buffalo, N. Y.

More than might be imagined in the West
the greatest interest is taken in the future
movements of the University of Michigan men.
Unfortunately there is still no prospect of
Michigan being able to meet any of the Eastern
teams, although Yost is very anxious to
do so. It would be interesting to see how
Westerners would compare in their methods
and tactics with the good teams of the East,
and whether the large score which have been
made are the result of meeting weaker minor
elevens or because Michigan is a better
playing machine than can be found in the East.
It is unfortunate that Michigan cannot meet
some of the larger Eastern colleges, but all
of them already have such hard schedules that
they cannot take on another game as hard as a
contest with Michigan would prove.

The Yale fencing team has started to prac-
tice. The team from Yale have not been very
successful in the intercollegiate fencers tour-
naments, third place being the best that they
have ever been able to win. In 1902 the team
took sixth, in 1903 fourth, in 1904 third and last
season the Yale fencers again took fourth.
This year a new coach, M. Ruttner, an in-
structor in the French navy, has been engaged,
and every effort will be made to develop a
strong team.

much to put paint on as to buy it. A
